

## Weekend?

Duckwrth

While we in the club like its the weekend  
Tuesday night and we all ready to freak and  
Pelvic thrusting like you got a reason  
But its only Tuesday  
And while we acting like work ain't in the morning  
In your meetings fast asleep and yawning  
Waiting for tonight to let it all go  
But its only Tuesday  
Cause you got friends  
I got Friends  
We got friends  
Valet please don't scratch the benz  
You hop in we hop in  
Let's find a place to spend all our ends  
Once again  
Yeah  
I know its Tuesday night  
But let's pretend  
Let's pretend

Its the weekend  
Weekend weekend  
Its the weekend weekend

Its the weekend  
Weekend weekend  
Its the weekend weekend
