

World On Wheels

Duckwrth

1, 2, 3 and...

Down goes the boogie
And boogie to the get the jump
I got me a baby she giving me what I want
She Caught in the Groove & the way that the beat bump on one
She booty bouncing and uuuhhh
Down goes the boogie
And boogie to get the jam
Floating in the club
I'm looking like Peter Pan
Niggas a chitter chatter
Yah boo
She like damn
How can that be my man?
Up jump my heart
I'm caught in my feels
Heart go pitter patter
You better in them heels
I'm losing control
So Jesus take the wheel
Cause baby ain't got no chill
At the end of the night
We relate
Two stars aligned cause its our fate
Destined to shine
Its not too late
To put on your wheels and skate

My world is on wheels
I can take you away
Cause all the girls want to skate
All the girls want to skate

My world is on wheels
I can take you away
Cause all the girls want to skate
All the girls want to skate with me

Noooooooooow
Hold up
You know I keep the boogie on the up jump
You know I keep it swinging like a nunchuck
And we can keep the boogie til the suns up
What the funks up
You got jump up
Cause I keep the gas like a full pump
Roll a 7 or 11 get your funds up
Boy I been about the game this ain't dumb luck
All I'm saying is I'm living it up
Too tall
Rolling around on Crenshaw
I'll pulled up, 10 deep
All money in
No withdraw
Its going down
Rain fall

Chicken and grits
No cole slaw
Catch me skating at the wonder wheels

My world is on wheels
I can take you away
Cause all the girls want to skate
All the girls want to skate

My world is on wheels
I can take you away
Cause all the girls want to skate
All the girls want to skate with me

Ooohhh ooohhh
Take it away
Ooohhh ooohhh
Wanna skate with me
Ooohhh ooohhh
Take it away
Cause...

My world is on wheels
I can take you away
Cause all the girls want to skate
All the girls want to skate

My world is on wheels
I can take you away
Cause all the girls want to skate
All the girls want to skate with me

Cause all the girls want to skate
All the girls want to skate with me
