

## Chip Away

Duff McKagan

Talking heads are making dollars  
It's like doing crack day after day  
Dropping taxes on business ballers  
It'll work this time, they say  
Gotta rise up, gotta keep fighting  
You know we've seen this all before  
This too shall stop if we keep our heads on  
It'll work this time, they say

Chip away, chip away, I'm withdrawing  
Chip away, gonna pray for something new  
Chip away, chip away, can you hear me calling?  
Gonna wait 'til this is through

Oh, history has had some great men  
Some badass motherfuckers who didn't give a shit  
FDR would laugh, Martin Luther holler  
Oh, they would put an end to this

Chip away, chip away, I'm withdrawing  
Chip away, gonna pray for something new  
Chip away, chip away, can you hear me calling?  
Gonna wait 'til this is through

I hear it often nowadays, the Earth is flat, or so they say  
And living beings came to be all of a sudden one day  
And that white is right and the rest is wrong  
I'll scratch on that and keep moving on  
This'll pass this time, just wait

Chip away, chip away, I'm withdrawing  
Chip away, gonna pray for something new  
Chip away, chip away, can you hear me calling?  
Gonna wait 'til this is through  
Chip away, chip away, I'm withdrawing  
Chip away, gonna pray for something new  
Chip away, chip away, can you hear me calling?  
Gonna wait 'til this is through  
And I hope you won't get fooled
