

Wasted Heart

Duff McKagan

You're my flower, you're my road
That I try to stay up on
Even when things, they go wrong
You stay there with me

You don't stay for what I do
The sleepless nights I drug you through
When I say things I don't mean to
You stay there with me

You uncovered this outlaw soul
You should've gone, baby, long ago
But you shined a light where it was dark
On my wasted heart

When I flew, you pulled me down
When I crashed, you were the ground
Where my bones are scattered all around
You stayed with me

You uncovered this outlaw soul
You should've gone, baby, long ago
But you shined a light where it was dark
On this wasted heart
