

Breath Away

Duffy

Childsplay
I was silly with your heart and day
I enjoy tearing you apart
Now it's me who cries
Teenage games all I ever did was call you names
I got kicks from teasing you
Now it's me who cries
I have such regrets
It's you I can't forget

Everytime I see you go by
I break down and cry
Your taking my breath away
And everytime I see you with her
Oh baby it hurts
Your taking my breath away
Breath away

Now we've grown and I'm still here
On my own
I'll be tender with your foolish heart
Cause still it's me who cries
Now I fault
Still I wish I had you to hold
I don't suppose that you would
Come away
Cause still it's me who cries
I have such regrets
It's you I can't forget

Everytime I see you go by
I break down and cry
Your taking my breath away
And everytime I see you with her
Oh baby it hurts
Your taking my breath away
Breath away

I have such regrets
It's you I can't forget oh

Everytime I see you go by
I break down and cry
Your taking my breath away
And everytime I see you with her
Oh baby it hurts
Your taking my breath away
Breath away
Breath away
Breath away
You take my breath away
Breath away
Breath away.
