Serious

Serious Serious I'm a trophy on your arm You wear me like a charm Yes, you do An accessory that suits Your new suede boots Ohhh I get a feeling Deep down, inside Something Just ain't right I get a feeling That tells me I know Baby you never show How you Really feel for me Tell me Can we ever be Serious? Serious in love? A joke on my expense In front Of all your friends All the time A game You like to play Leaves me solo Every day I get a feeling Deep down inside Something Just ain't right I get a feeling That tells me I know Baby you never show How you really Feel for me Tell me Can we ever be Serious? Serious in love? Serious? Serious in love? I get a feeling Deep down inside That something Just ain't right I get a feeling
