

I'M ALIVE AGAIN

Duke Deuce

I'm not the same person I was before
I took my heart and I turned it to gold
Sometimes I feel like I've been here before
What do you know

I'm alive again
I'm alive again
I'm alive again
I'm alive again
I'm not the same I was before
Now my hart is turned to gold
Know I been here once before and uh
I'm alive again
I'm alive again

Uhh po me up a drink
Mind so gone
I can't even think
I don't really feel it's anybody I can trust
Hart made of gold
I just can't give out my love
Peddle to the metal horses pulling my ride
If I crash pray I get a new life
If I ever say it's up it's going down
Glaw Glaw Hitters empty the whole round
I'm not who I was Cause this the new life
I've learned from mistakes I won't repeat them twice
My heart made of gold
I earned all my stripes
I'm breathing again oh I feel so alive
I'm not who I was Cause this the new life
I've learned from mistakes I won't repeat them twice
My heart made of gold
I earned all my stripes
I'm breathing again

I'm alive again
I'm alive again
I'm alive again
I'm alive again
I'm not the same I was before
Now my hart is turned to gold
Know I been here once before and uh
I'm alive again
I'm alive again

Whoa whoa whoa whoa whoa
I be feeling like when I give out a lot
Is the only time the love shows
Ain't no coming around no more
We was 20 deep at my shows
But I'll forever hold it down
Try me ima pole em down oh no
Crunkstar lifestyle ima be myself
If that boy ain't right we gone leave that nigga left
Drinking all night think a nigga need help
Now a nigga born again and I'm working on my health

I been going nearly
Legends never gone end
Bitches treat your boy so godly
Yeh her and her friend
And I got leather on my body
Lay the smack down like hardy
Thinking about getting me a hardy

I'm alive again
I'm alive again
I'm alive again
I'm alive again
I'm not the same I was before
Now my hart is turned to gold
Know I been here once before and uh
I'm alive again
I'm alive again
