And Lord we know we ain't livin' right  
That's why I pray you keep us protected and prepared  
We see you niggas out here copyin' the style  
Tryin' to take the flow  
They don't wanna see us make it  
But you can't deny greatness  
Duke Deuce you up next

I done some good and I done done some wrong  
I done seen a lot of day one niggas fold  
I done a lot of hurt I done did some slidin'  
I made a couple hittas hide up in they home  
Been there through the pain, I been there through the storm  
Triple M the mob, nigga, that's my home  
We so used to winnin' but we took some losses  
If you out here slidin' you might get slid on  
A man with no vision, he can't help you  
Sometimes you need a brother just to step to  
Negative energy I be done left you  
Watch the circle around you  
A nigga be done slept you  
Attention  
Started from the bottom, yeah, we gon' complete the mission  
Fuck nigga in the room ooh you can feel the tension  
Want a bitch so bad, ooh, she left me a stiffy  
Tell ya one time I'm pimpin, don't tempt me

Niggas be like Quez what's the remedy?  
I told them, "Mane, be about your business  
And never trust a nigga if he actin' finicky or feminine  
Make sure your whole circle on the Benjamins  
You can't lose passion for this game, keep your adrenaline  
They say keep your friends but yo enemy closer, love thy frenemy

I been told you I'm the G.O.A.T.  
Made one call, they wiped his nose  
I would never sell my soul  
Why these niggas actin' slow?  
Why you play like you don't know?  
I'm the one you know I'm chose  
I got ice up on me froze  
I will tag a nigga toes  
Why these bitches play with me?  
Stay with me, she lay with me  
Fuckin' me, touchin' me  
She suckin' me, she try cuffin' me  
But you know it ain't happen that way  
And you know all my niggas they straight  
Chunkin' Gs and some niggas chunkin' Is  
All y'all niggas y'all can go to hell  
All my folks y'all can go to hell
