Duke Dumont

Crawler crawler  
Crawls into your mind again  
Pulls you to the deep end  
Delivers the sweetest sin

Crawler, Crawler  
You try but you can't forget  
Her beauty's deceiving  
So you give her everything

She's not your lover  
She's not your friend  
Not like the others  
She won't pretend

She's a nightcrawler  
Hides in the dark you never call her  
Crawler Crawler  
Nightcrawler  
Hides in your heart but you can call her
