

## This Time Next Year

Duke Special

This time next year  
Could tell a different story  
This time next year  
Could shine with a trembling glory  
A stranger could look at you  
And you could look at him  
And all the stars grow dim  
This time next year

This time next year  
Some not-too-far-off night-time  
This time next year  
The moon may bring the right time  
And certain one will turn  
Searching for words to say  
He's loved you a year and a day  
This time next year

~~~~~♪~~~~~

It's near, it's almost here  
Maybe this time next year  
This time next year
