

Trouble Is My Name

Dum Dum Girls

I had a vision
I begged and I pled
I had a vision
I wanted to be dead
You said "there's nothing you can do
To make all your bad turn good, turn good"

I had a vision
Destruction ruled
I had a vision
The flames cooled
You said "there's nothing you can do
To make your kind not cruel, not cruel"

Oh Trouble is my name
Is it your name, too?

Oh Trouble is my name
Is it your name, too?

Oh Trouble is my name
Is it your name, too?

Oh Trouble is my name
Is it your name, too?

Trouble
She's trouble
I'm trouble
She's trouble
I'm trouble
She's trouble
I'm trouble
She's trouble

I had a vision
I bowed down
I had a vision
I swore you came around
You said "There's nothing you can do
To make deception true, true"

Trouble is my name
Is it your name, too?

Trouble is my name
Is it your name, too?

Trouble is my name
Is it your name, too?

Trouble is my name
Is it your name, too?

Trouble
She's trouble
I'm trouble

She's trouble
I'm trouble
She's trouble
I'm trouble
She's trouble
