

Eyes On Horizon

Dumblonde

And when it all falls down
Fire in the sky
I'll meet you there
Eyes on horizon
Why don't we leave this now
It's not forever
I'll meet you there
Eyes on horizon

Race 'til the end of time when souls unite
Invade my sanity
Open your eyes and see your heart will guide me
We lay forever, walking over waters deeper than the sea
But never get wet, wet, wet, wet

I'll meet you there
I'll meet you there
Don't keep me waiting
I'll meet you there
I'll meet you there
Don't keep me waiting

And when it all falls down
Fire in the sky
I'll meet you there
Eyes on horizon
Why don't we leave this now
It's not forever
I'll meet you there
Eyes on horizon

Our love is never ending
Shooting stars ignite over the dreams
Promise I'll find you wherever you may be
Follow the madness with abandon
Living legends, you and me
Until the end, end, end, end

I'll meet you there
I'll meet you there
Don't keep me waiting
I'll meet you there
I'll meet you there
Don't keep me waiting

And when it all falls down
Fire in the sky
I'll meet you there
Eyes on horizon
Why don't we leave this now
It's not forever
I'll meet you there
Eyes on horizon

When it all falls down, down, down...
