Enjoy it  
Might as well enjoy it while we're here (ah)  
We went too far into the dark to go back  
Almost ruined my heart

Got my feeling back inside  
Feeling back inside  
Feeling so alive  
Got my feeling back inside  
Feeling back inside  
Feeling so alive tonight

We ain't gotta be nowhere  
'Cause nowhere got us here  
Yo keep it down  
Don't chase the crowd  
We ain't gotta be nowhere  
'Cause nowhere got us here  
Yo keep it down  
Don't chase the crowd

Take over  
Let all the madness disappear (I'm so high)  
I said take over  
You control your atmosphere

Got my feeling back inside  
Feeling back inside  
Feeling so alive  
Got my feeling back inside  
Feeling back inside  
Feeling so alive tonight

We ain't gotta be nowhere  
'Cause nowhere got us here  
Yo keep it down  
Don't chase the crowd  
We ain't gotta be nowhere  
'Cause nowhere got us here  
Yo keep it down  
Don't chase the crowd

We ain't got the time to chase the past into tomorrow  
We ain't got the time, let's make it last until forever  
We ain't got the time to chase the past into tomorrow  
We ain't got the time, let's make it last until forever

Got my feeling back inside  
Feeling back inside  
Feeling so alive  
Got my feeling back inside  
Feeling back inside  
Feeling so alive

Got my feeling back inside  
Feeling back inside  
Feeling so alive

Got my feeling back inside  
Feeling back inside  
Feeling so alive tonight
