

Waiting On You

Dumblonde

I just lie here waiting on you
And you're late, did you miss your train?
I've been up here thinking of you
Saved your plate, but it's gone cold
Wonder if you're travelling with two
Naw that's crazy, you wouldn't would you?
So I'll just lie here waiting on you
Might seem crazy, but that's what I'll do

Yes I'm crazy, but that's what I'll do
Might seem crazy, but that's what I'll do
(You you you you you you you you)
Yeah that's crazy, but that's what I'll do
(You you you)
I'll just lie here waiting on you

It's a half past twelve...

I just lie here waiting on you
And you're late, did you miss your train?
I've been up here thinking of you
Saved your plate, but it's gone cold
Wonder if you're travelling with two
Naw that's crazy, you wouldn't would you?
So I'll just lie here waiting on you
Might seem crazy, but that's what I'll do

Yes I'm crazy, but that's what I'll do
Might seem crazy, but that's what I'll do
(You you you you you you you you)
Yeah that's crazy, but that's what I'll do
(You you you you you you you you)
Yeah that's crazy, but that's what I'll do
(You you you you you you you you)
Yeah that's crazy, but that's what I'll do
(You you you)
I'll just lie here waiting on you

(You you you you you you you you)
Yeah that's crazy, but that's what I'll do
(You you you)
I'll just lie here waiting on you
