

You Got Me

Dumblonde

Dumblonde, dumblonde

They don't know nothing about us
Can't understand why we're together
This kind of love can't last forever
But they don't know
You got me on

You got me (you, you, you)
You got me (you, you, you)
You got me (you, you, you)
So on
You got me (you, you, you)
You got me (you, you, you)
You got me (you, you, you)
So on

You got me (oh)
You got me (oh)
You got me (oh)
So on
You got me (oh)
You got me (oh)
You got me (oh)
So on

Dumblonde, dumblonde
Dumblonde, dumblonde

They stay up thinking about us
All that talk just makes us stronger
We have the love for one-another
They don't know
You got me on

You got me (you, you, you)
You got me (you, you, you)
You got me (you, you, you)
So on
You got me (you, you, you)
You got me (you, you, you)
You got me (you, you, you)
So on

You got me (oh)
You got me (oh)
You got me (oh)
So on
You got me (oh)
You got me (oh)
You got me (oh)
So on

You got me (you, you, you)
You got me (you, you, you)
You got me (you, you, you)
So on

You got me (you, you, you)
You got me (you, you, you)
You got me (you, you, you)
So on

You got me (oh)
You got me (oh)
You got me (oh)
So on
You got me (oh)
You got me (oh)
You got me (oh)
So on

Dumblonde, dumblonde
