

# Breathing

Duncan James

Did I die today?  
Cause I can't tell,  
And I can't feel,  
Nothing seems real,  
So you cry today,  
And deep inside you conscience mind,  
There's another way,  
So believe,  
Trust in me,  
I'm alive,

I'm breathing,  
I'm learning to survive,  
And I found it, the way,  
Since you brought me back to life,  
Please don't walk away,  
Promise me you'll stay,  
Now I'm breathing,

I'm alive today,  
Oh, and I can't tell,  
And I can't feel,  
Everything's real,  
No more tears today,  
And deep inside my conscience mind,  
I've found the perfect way,  
You can see,  
Trust in me,  
And we'll fly

I'm breathing,  
I'm learning to survive,  
And I found it, the way,  
Since you brought me back to life,  
Please don't walk away,  
Promise me you'll stay,  
Now I'm breathing,

Oh, oh, oh

I'm breathing,  
I'm learning to survive,  
And I found it, the way,  
Since you brought me back to life,  
Please don't walk away,  
Promise me you'll stay,  
Now I'm breathing,  
I'm breathing  
Now I'm breathing  
I'm breathing
