

# Anything

Duncan Laurence

I had a vision of you  
Dancing too close to the cliff's edge  
So I build a wall around you  
To keep you safe from a misstep

I had a dream about you  
Burning your hand on a stovetop  
And I woke up worried for you  
And took every knob on that stove off

Oh oh oh, I'd do anything for you  
Oh oh oh, I'd do anything for love  
Nothing could ever be too much  
I'd do anything for us

I had a vision of you  
Leaving me for someone prettier  
So I found the fountain of youth  
To make sure that I'll never wither

I had a dream about you  
Burning in hell when you leave us  
I talked to the big man for you  
My first conversation with Jesus

Oh oh oh, I'd do anything for you  
Oh oh oh, I'd do anything for love  
Nothing could ever be too much  
I'd do anything for us

Oh oh oh  
Oh oh oh oh oh oh  
Oh oh oh  
Oh oh oh oh oh

Oh oh oh, I'd do anything for you  
Oh oh oh, I'd give anything for love  
Nothing could ever be too much  
I'd do anything for us  
For us  
Oh, us
