

# I Do

Duncan Laurence

This rain is not the cleansing kind  
It drags you down and clouds your mind  
And oh, you know, it chills me to the bone  
Hold your tongue and I'll hold my hand  
And I can only hope you'll understand  
Without you I can only be alone  
And I cannot repair this on my own

I shake and sigh  
Hate 'cause I break us in two  
But I love you, I love you  
I love you, I do

We have a certain time on Earth  
And I've been told it's all a learning curve  
I've learned not being with you is wasting time  
But I'll do what's right, and let you go  
'Cause I can see it only hurts you, though  
I only wanna hold you in my arms  
But I'm afraid that if I touch, you'd turn to dust

I shake and sigh  
Hate 'cause I break us in two  
But I love you, I love you  
I love you, I do  
I shake and sigh  
Hate 'cause I break us in two  
But I love you, I love you  
I love you, I do  
I love you, I do
