

# Lighthouse

Duncan Laurence

Your mind is an ocean  
So deep it pulls you in  
The water is cold there  
Survive it, sink or swim

You can't seem to find  
Your way to the shores again  
Your mind is an ocean  
Who knows where to begin

I could be your lighthouse  
Follow me where you go missing  
I could be your lighthouse  
Find me when you've lost your place  
And I'll light your way  
And I'll light your way

Your mind is an ocean  
So deep it pulls you in  
The water is cold there  
Survive it, sink or swim

I hold your head up  
Over the rising tide  
If you stop believing  
I'll give you reasons why

I could be your lighthouse  
Follow me where you go missing  
I could be your lighthouse  
Find me when you've lost your place  
And I'll light your way

And I'll light your way  
And I'll light your way

I could be your lighthouse  
Follow me when you go missing  
I could be your lighthouse  
Find me when you've lost your place  
And I'll light your way
