

Circling

Duncan Sheik

The sky today is
Bloody gray
I'm surprised
to look so blue
I'm here playing on
a bigger stage
It's no surprise
it cut right through
You heard the questions
You heard the dodge
A made up name
is not a sin
The water from the great mirage
Can taste like dust
and burning skin

Did you think it was a straight line
Were you surprised to find it circling
But you were having such a great time
The gravity was working
to bring you down
Then you were lost
til you were found
if you were found

When you're in a well-lit place
it can be hard to force a smile
You may find a smooth escape
You may have to wait awhile
When I think about it now
I know I saw it all along
I don't feel bad, don't feel let down
It just feels like something's wrong

I thought it was a straight line
So surprised to find it circling
I was having such a great time
Gravity was working
to bring me down
Then I was lost
Til I was found
If I was found
