

## Selling Out

Duncan Sheik

There's a race we're running  
To the break time coming  
We say  
Oh oh, oh oh, oh oh  
We try explaining  
When the sky stops raining  
But we don't know  
Don't know, don't know  
And this girl keeps singing  
Till my ears are ringing  
I say  
Oh oh, oh oh, oh oh  
She says her night begins  
When the deejay spins  
As if I don't know  
Don't know, don't know

She wants it all  
Oh the next distraction  
Come on sell it out  
She's the next attraction  
Come on baby sell it out

Someone's standing  
As the ice is melting  
And it's  
Oh oh, oh oh, oh oh  
No one's saying  
But we all keep praying  
That we don't know  
Don't know, don't know  
And there's all this dying  
From the guns you're buying  
You say  
Oh oh, oh oh, oh oh  
When I say it  
Some fools gonna hate it  
So I don't know  
Don't know, don't know

She wants it all  
Oh the next distraction  
Come on sell it out  
She's the next attraction  
Come on baby sell it out  
The next distraction  
Come on sell it out

She says from the heart  
She does it for the art  
But I don't know  
Don't know, don't know  
Cause everything  
I'm telling you is a song  
I'm selling you  
Oh oh, oh oh, oh h  
You bought it all

You bought it, bought it  
Even when I was selling out  
You bought it, bought it  
Even when I was selling out  
Whoa  
You bought it, bought it  
Even when I was selling out  
You bought it, bought it  
Even when I was selling out
