

# We're Here To Tell You

Duncan Sheik

Indeed there's such a thing as ghosts  
And more to cause you fear  
You never know where or when  
But surely they'll appear

Quiet men turn into wolves  
During certain moons  
And sirens sing their siren songs  
Sweet and deadly tunes

We are here to tell you  
All of this is real  
If you are terrified today  
It's how you're supposed to feel for real

We are here to tell you  
Ghosts are here for good  
If this doesn't terrify you  
It should, it should

Don't you know the feeling  
When blood has left your veins  
And horsemen of apocalypse  
Ride through poison rains

The devil's in the details  
And in the grand design  
And once he gets your number  
He calls you all the time

We are here to tell you  
That all of this is real  
And if you're terrified today  
It's how you're supposed to feel for real

We are here to tell you  
Ghosts are here for good  
If this doesn't terrify you  
It should, it should
