

Be Like You

Dune Rats

Got a lot of money
But not much sense
Thinks he's funny
But he's really dense

I wanna be like you
Cause you wanna be like you

You're such a man
But never you do it
You got a plan
But you never do it
You're such a man
But never you do it
You got a plan
But you never do it

You got nothing on your brain
Like a broken transistor
Running out of fuse baby
Getting ya pissed off
Don't stop, don't stop
Get in ya way
Won't stop, won't stop
Get in ya way

Now he's got no money
He can't pay rent
Lived in a castle
Now he's in a tent

I wanna be like you
Cause you wanna be like you

You're such a man
But never you do it
You got a plan
But you never do it
You're such a man
But never you do it
You got a plan
But you never do it

You got nothing on your brain
Like a broken transistor
Running out of fuse baby
Getting ya pissed off
Don't stop, don't stop
Get in ya way
Won't stop, won't stop
Get in ya way

It's got
Petrol
Diesel
This heat will light my fire
Petrol

Diesel
This heat will light my fire

You're such a man
But never you do it
You got a plan
But you never do it
You're such a man
But never you do it
You got a plan
But you never do it

You got nothing on your brain
Like a broken transistor
Running out of fuse baby
Getting ya pissed off
Don't stop, don't stop
Get in ya way
Won't stop, won't stop
Get in ya way

You got nothing on your brain
Like a broken transistor
Running out of fuse baby
Getting ya pissed off
Don't stop, don't stop
Get in ya way
Won't stop, won't stop
Get in ya way

It's got
Petrol

This heat will light my fire
