Dune Rats

Talking no plans  
Playing in a band  
It's too much for them  
To even understand

Still got no clue  
What the hell to do  
Same old question's  
Explanations

"D'you guys play covers, or just originals?"

Hanging out with all of my friends (you got no plans)  
Sleeping in the back of the van (you got no plans)  
Waking up and do it again (you got no plans)  
Waking up and do it again (you got no plans)

Okay, you win  
A fool for sinking in  
But I can admit  
I'm good to live with it
