

# Patience

Dune Rats

Patience ain't your thing, I guess it never really was  
Just tearin' at the seems and get frustrated just because  
All your worries are gone  
And memories done  
And left with no one  
'Cause you never had

Patience  
You never wait your turn  
You're never gonna learn  
That it's all alright  
You never had  
Patience  
You never wait your turn  
You're never gonna learn  
That it's all alright  
You never had

Patience lets you sleep, get a flower from a seed  
And it's all alright  
Always coppin' it for stuff that's on your lip  
Throw it at a fan and you die for fucking shit

Patience  
You never wait your turn  
You're never gonna learn  
That it's all alright  
You never had  
Patience  
You never wait your turn  
You're never gonna learn  
That it's all alright  
You never had

Patience (it's all alright)  
You never wait your turn  
You're never gonna learn (it's all alright)  
You're never gonna learn  
You never had  
Patience (it's all alright)  
You never wait your turn  
You're never gonna learn (it's all alright)  
You're never gonna learn  
You never had
