

## Bloodlines

Dune

My best friend is laying in there  
He's messed up and I don't care  
When love is put aside he ain't asking for more  
He's a total waste, but he's still going strong

"I can't help it  
Couldn't do it  
I'm Jaywalking  
Against my will  
In my most desperate hour I'm covered in pills."

When she comes back home it will catch her ear  
Your fiddling will be spoiled in a future near  
My bloodlines are acting a bit strange  
They are spoken for, but not out of range

"I can't help it  
Couldn't do it  
I'm Jaywalking  
Against my will  
In my most desperate hour I'm covered in pills."

I can't help my: BEAT!  
I can't stop my: BEAT!  
I can't hold my: BEAT!  
It's my damn heart: BEAT!

I told you not to play with our gun's girl
