

# Curse of the Pharaohs

## Dungeon

In the northern lands of Thebes  
Under a heartless sun  
Three hundred lifetimes ago

Here it lay, the Pharaoh's kingdom  
Horizon of the Aten  
So lived a child who would be king

PRE-CHORUS 1:

And so he lived and so he died  
A tomb than no man shall defile  
Forever lost are the fools who dare defy

CHORUS:

(The curse of the Pharaohs)  
Inside the Pharaohs tomb the wealth of ages  
A curse befallen those who seek the king  
(The curse of the Pharaohs)  
The lights of Cairo died with those who gave their lives  
To the shifting sands of time

Came a man in search of glory  
In the Valley Of The Kings  
Unlocked a curse that doomed them all

PRE-CHORUS 2:

And so he lived and so he died  
And all who conspired paid the price  
Death will come swiftly to those who dared defy
