

# Alone Again

Durand Bernarr

Oooh oh ooh  
Oooh oh ooh  
Oooh oh ooh

Baby, we took it too far  
Both said some things  
We didn't mean  
I didn't mean  
To get careless with your heart  
Was this all in vain?  
Be honest, babe  
Don't lie to me  
Aw baby  
Said it hurts to think  
You don't need me  
But I do  
I do  
Need you  
But we are too far gone  
Please say it ain't so

All this love feels overrated  
Now we're alone again  
Oooh  
Don't it feel too complicated?  
All this love feels overrated  
To be alone again  
Ooh Oooh  
Don't it feel too complicated?

Complicated, why does it have to be?  
Complicated, why does it have to be?

How did I get here? It didn't take long  
I gotta regulate (throwing me all away)  
Made me a casualty with no understanding  
Every now and then, it pains

Keep me, keep me from breaking  
Keep me, keep me from breaking  
Keep me, keep me from breaking down

Keep me, keep me from breaking  
Keep me, keep me from breaking  
Keep me, keep me from breaking down

All this love feels overrated  
Now we're alone again (again)  
Oooh (and I don't feel alright)  
Don't it feel too complicated?  
All this love feels overrated  
To be alone again (alone again)  
Ooh oooh (and I don't feel alright)  
Don't it feel too complicated, baby?

(All this love feels overrated)  
It's overrated

Don't it feel too complicated?

Keep me, keep me from breaking (Oooh oh ooh)

Keep me, keep me from breaking (Oooh oh ooh)

Keep me, keep me from breaking (Oooh oh ooh)

Oooh oh ooh
