

Curiosity

Durand Bernarr

I've heard nothing but good things
Allegedly the place of dreams or so I've been told (I've been told)
And since I haven't been before
I'm down to try it and explore
I'll try first then knock

Now you gotta be patient
'Cause you're teaching me the ropes (Ooh, ooh, ooh-ooh)
I know how to follow directions
So, just tell me where to go (Oh, yeah)

Ooh, I can't knock it 'til I try it
Curiosity gets the best of me
Ooh, I did it, I think I like it
Curiosity gets the best of me
Um, can I get a nineties walk-up real quick?

Boy, I gotta just say first
This job is a bit easier than the other one (So much easier than the other one, baby, yeah)
Free from takin' the trash out (Yes)
Though I still keep a clean house (And do)
There's more (There's way more) to see
(Who knew I would get this far?)
Rolling with my one-size-fit-all
Well, lucky me, yeah
Even though this is lovely (Yes)
No, I don't plan on staying but (No, ma'am) I may be visiting (I may be)

Why didn't I get in it sooner?
Seemed like it never was the time (Never was the time)
(Ooh, ooh, ooh-ooh)
I couldn't do it in reverse
Third one on the left will do just fine, fine

Ooh, I can't knock it 'til I try it
Curiosity gets the best of me
Ooh, I did it (Ooh), I think I like it
Curiosity ran away with me, yeah
Ooh, I can't knock it 'til I try it
Oh, curiosity gets the best of me, yeah
Ooh, I did it (Ooh-ooh), I think I like it (Oh, yeah-yeah)
Curiosity gets the best of me, yeah, oh

(Try it)
Curiosity, yeah
(Like it) Ooh, oh

Uh-uh, fresh start
Fresh start, let's try that one again
Fresh start
Fresh start, let's try that one again
