

## Destination

Durand Bernarr

Don't ever see myself arrivin', not while I'm breathin'  
Every step I take gets me closer to being  
Why is it so hard to pat myself on the back  
When I put in the work to get to where I am?

Why it gotta be what's wrong?  
Why can't it ever go right?  
Maybe if I turn it around then I'll have a different eye

I need all the gas I can get, there's a long road up ahead  
The journey ain't shit, but the destination is lit

When you really get a gander at just how long you've been travelin'  
You don't realize the ways that you came  
I don't believe I'm blessed, though my mother begs to differ  
I think life was gentle when it dealt my hand

I can't forget to give myself grace  
When I'm fighting you think I'm all great  
Sometimes words don't have the time to play today

I need all the gas I can get, there's a long road up ahead  
The journey ain't shit, but the destination is lit  
I need all the gas I can get, there's a long road up ahead  
The journey ain't shit (It ain't, no-no), but the destination is lit

Gotta take it moment by moment  
'Cause a lot can happen in a day  
No use in beatin' myself up  
The world is gonna do it anyway  
Gotta take it moment by moment  
'Cause a lot can happen in a day  
No use in beatin' myself up  
The world is gonna do it anyway (Gonna do it anyway)  
Well, I mean of course, I'm a slow burn  
I'm the sun, not a match

I need all the gas I can get, there's a long road up ahead  
The journey ain't shit, but the destination is lit (Yes, it is)  
I need all the gas I can get, there's a long road up ahead  
The journey ain't shit, but the destination is lit

Whew, whew, I made it, now how I'm gon' get back?
