

# Divided

Durand Bernarr

How many names have you said before you said my name?  
How many ways will it go before it goes my way?  
Didn't mean to mean to make it difficult, it's just heartbreak  
It's not like we could ever know-

(Before it's too late)  
I just wanna know (Know)  
How this is gonna go (Go)  
Before we start the show  
(Before it's too late)  
I just wanna know (Ooh)  
How this is gonna go (Go)  
Before we start the show  
(Before it's too late)  
I just wanna know (Late)  
How this is gonna go (Late)  
Before we start the show (Late)  
(Not too late)  
(Before it's too late)  
I just wanna know (Late)  
How this is gonna go (Late)  
Before we start the show (Late)  
Before we start the- (Not too late)

Show the side  
That you always hide  
My alibi  
Is laying next to you  
You decide  
If it's wrong or right  
There's no black and white  
It's just what you say is true  
Circumstances change (Ooh)  
And we're going different ways (Ooh)  
Down this road divided (Ooh yeah)  
By what we never say  
At the end of day (Ooh)  
I'm making my own way (Ooh)  
Tell me if you're gonna stay (Ooh yeah)  
Before it's too late

I just wanna know (I)  
How this is gonna go (go)  
Before we start the show  
(Before it's too late)  
I just wanna know (Ooh yeah)  
How this is gonna go (Go)  
Before we start the show

Before it's too late (Ooh ahh)  
Late (Know)  
Late (Go)  
Before we start the show  
Before we start the show (Not too late)  
(Not too late)

Runnin' out of time, oh yeah

Runnin' out of time, oh yeah  
Runnin' out of time, oh yeah  
Runnin' out of time, oh yeah  
Ooh, ooh, yeah  
Ooh, ooh, yeah  
Ooh, ooh, yeah  
Ooh, ooh, yeah, yeah
