

# GENEROUS

Durand Bernarr

I'm looking past the blood on the leaves  
The ones that stain my family tree  
Willing to bet my life there's a new road  
Even through all the hurt I've seen  
Even through all the dirt, I'm clean  
The past, it ain't got a hold on me no more

I'm gonna be generous with my love  
Generous generous  
Pour it down like a flood  
Generous  
Cuz there's been snakes that I just can't trust, venomous venomous  
But I ain't gonna stay down  
I'm gonna be generous with my love  
Generous with my love

I been locked away too long  
I been afraid to sing my song  
Ready to wear my heart on the outside  
Gimme the sunshine on my face  
Gimme the magic in my veins  
I wanna feel this good for a long time

I'm gonna be generous with my love  
Generous generous  
Pour it down like a flood  
Generous  
Cuz there's been snakes that I just can't trust, venomous venomous  
But I ain't gonna stay down  
I'm gonna be generous with my love

My love...  
(Generous...)  
My love...  
Generous  
I'll be generous  
I'll be generouuuuuuuus

Generous  
I'll be generous  
I'll be generouuuuuuuus

Being stuck in a rut with my eyes wide shut is a feeling I won't allow  
I'm coming out of the dark with a open heart, yeah I'm doing it different no  
w  
(Gon' take my time and enjoy the high)  
With the someone who holds me down  
I'm gonna be generous... I'm gonna be

Generous  
I'll be generous  
I'll be generouuuuuuuus (generosity!)  
I'm gon love you like I love me  
I'll be generous  
I'll be generouuuuuuuus (generosity!)  
Now that's what I call generosity  
I'll be generous

I'll be generouuuuuus (generosity!)  
You ain't loved til you been loved by me

I won't become what I've been through  
I'll give all of my love to you  
Treat me right and anything I'll do  
Never out the way; it's on my way to... you

I won't become what I've been through  
I'll give all of my love to you  
Treat me right and anything I'll do  
Never out the way; it's on my way to... you

I won't become what I've been through  
I'll give all of my love to you  
Treat me right and anything I'll do  
Never out the way; it's on my way to... you

I won't become what I've been through  
I'll give all of my love to you  
Treat me right and anything I'll do  
Never out the way; it's on my way to... you
