

Gratitude

Durand Bernarr

Very seldom do, they grow up with you
Life got cute on me, so filled with gratitude
Very seldom do (Ooh), they grow up with you (Ooh, you)
Life got cute on me, so filled with gratitude

My first hype man, baby boy's number one fan
Always said to ask questions
And found growth in the lesson (Ooh)
Where you lacked understandin', you didn't disregard
Love had no conditions, before it even started

Very seldom do, they grow up with you (Oh)
Life got cute on me, so filled with gratitude (Hey, hey)
Very seldom do (Ooh), they grow up with you (Ooh, you)
Life got cute on me, so filled with gratitude

You gave me black man rarity (Rarity), sincere apology (-Pology
)
Said you coulda did better
And I appreciate the honesty (Honesty)
Finally love every part of me (Part of me)
'Cause you see so much of you in me
The good, the bad, the fluid, and the ugly
The man I am is because of who you were to me, yeah, yeah
The man I am is who you were to me (Oh-oh)
The man I am is who you were to me, yeah

Very seldom do, they grow up with you
Life got cute on me (Real cute, baby), so filled with gratitude
(Yeah)
Very seldom do (Oh, ooh), they grow up with you (Ooh, you)
Life got cute on me, so filled with gratitude

Ooh-ooh, mm-hmm
I really need to just start acknowledging that Levon Bennett is
a, is a influence of mine
