

Melody

Durand Bernarr

(They'll comprehend once you find the right melody)
What does that mean? Can you explain please?
(We'll understand once you find your identity)
That's what you mean, it's like one, two, three (Aww, yeah-yeah, yeah)

You must really hate me and I don't know why
Knowing I'm here but won't look me in the eye
First you run me ragged up and down the scale
Then later can't figure out why you're out of breath

(They'll comprehend once you find the right melody)
What does that mean? Can you explain please?
(We'll understand once you find your identity)
Oh, that's what you mean, it's like one, two, three (Aww, yeah-yeah, yeah)

I was all alone in my cocoon I had gotten so comfy in my solitude
Until one day I opened up in a way (Way)
That changed my shit, and I'll never be the same, thank you, Bravery
Running for president and going nowhere (Nowhere)
Sending out a search party to find you
Give me the quality, spare the dramatic
Or we won't know if it's really there, there

(They'll comprehend once you find the right melody)
What does that mean? Can you explain please?
(We'll understand once you find your identity)
Oh, that's what you mean, it's like one, two, three (Aww, yeah-yeah, yeah)

(They'll comprehend once you find the right melody)
What does that mean? Can you explain please?
(We'll understand once you find your identity)
Oh, that's right man, it's like one, two, three (Aww, yeah-yeah, yeah)

(Ooh-ooh-ooh)
Like one, two, three (Aww, yeah-yeah, yeah)
(Oh, yeah, ooh, yeah, yeah-yeah)
Like one, two, three (Aww, yeah-yeah, yeah)

And another motherfuckin' thing, don't forget it, mmm
And another motherfuckin' thing, oh, hate yo' ass
