

Neutral

Durand Bernarr

When you're gon' make up your mind
If you like you can take control
Don't keep me in neutral
Keep it cute and unethical

All night
Seen't you in my peripheral
Combining our chemicals
Floating like we're on edibles
On edibles
(On edibles)

You're used to that Hollywood shit
This ain't it
Even though I be dressed down
Don't mean I won't get down
Make room and space for me to swing my drip
Stick around and you'll find out
You ain't got shit to worry about

When you're gon' make up your mind
If you like you can take control
Don't keep me in neutral
Keep it cute and unethical

All night
Seen't you in my peripheral
Combining our chemicals
Floating like we're on edibles
On edibles
(On edibles)

Aye aye aye aye aye aye
Aye aye aye aye
Aye aye aye aye aye I'm
On edibles
Aye aye aye aye aye aye
Aye aye aye aye
Aye aye aye aye aye I'm
On edibles

Do you see the writings on the wall?
Get involved whenever you want
Cause I
(I feel it in my body
There's no ignoring heat
Don't nothin' shock me but your electricity)

When you're gon' make up your mind
If you like you can take control
Don't keep me in neutral
Keep it cute and unethical

All night
Seen't you in my peripheral
Combining our chemicals
Floating like we're on edibles

On edibles
(On edibles)

Aye aye aye aye aye aye
Aye aye aye aye
Aye aye aye aye aye I'm
On edibles
Aye aye aye aye aye aye
Aye aye aye aye
Aye aye aye aye aye I'm
On edibles
Aye aye aye aye aye aye
Aye aye aye aye
Aye aye aye aye aye I'm
On edibles
