

Relocate

Durand Bernarr

Ooh, oh yeah, oh, ooh, oh yeah, ooh

Man, I never knew
All that crazy was all up and through inside of you
I'm only here because I got your permission to
Now you've lost your mind and don't know what to do, the hell wit' you?
But I gotta roll out now, back to my side of town
Guess I'll see you around

Never thought I could say
Dick so good make a bitch relocate
Skippin' over several states
Comin' all down my way
Never thought I could say
Dick so good make a bitch relocate
Then you wanna sit and play
Like it was your idea in the first place (Ooh)
Your idea in the first place
Signed a lease on a new space
Showed up to my door the next day
Dick so good make a bitch relocate
Then you wanna sit and play
Like it was your idea in the first place

You gave out responsibility, slipped it by involuntary
Didn't even ask nobody (Nobody)
I'm wonderin' where yo' mind is
If you couldn't keep it casual
I woulda just kept it at the twirl
You shoulda made a left at Albuquerque
Threw a party for ya and they're still searchin' (Ya ass still lost)
But how ya end up on my side? Thought it was for just few nights
And now you don't wanna say, "Bye" (Oh, hell nah)

Never thought I could say (Say)
Dick so good make a bitch relocate
Skippin' over several states (Oh-oh)
Comin' all down my way (Oh, yeah)
Never thought I could say (Never thought I could say)
Dick so good make a bitch relocate
Then you wanna sit and play (Ooh-ooh)
Like it was your idea in the first place
Oh, your idea in the first place
Signed a lease on a new space (Ooh, oh)
Showed up to my door the next day (True story, hey)
Dick so good make a bitch relocate (Oh-oh)
Then you wanna sit and play
Like it was your idea in the first place

Ooh, ah, yeah
You can't stay, ooh, oh

Never thought I could say (Could say)
Dick so good make a bitch relocate (Ooh-ooh)
Skippin' over several states
Comin' all down my way (Comin' all down my way)
Never thought I could say (Never thought that I could say)

Dick so good make a bitch relocate (Ooh-ooh)
Then you wanna sit and play
Like it was your idea in the first place
Your idea in the first place
Signed a lease on a new space (New space)
Showed up to my door the next day (Ooh, so good)
Dick so good make a bitch relocate (Ooh, yeah)
Then you wanna sit and play
Like it was your idea in the first place
