Durand Bernarr

Do you have a minute to spare?
I'm so glad, thank you
As you know, I've been workin' on myself
Makin' sure I have room for someone to be comfortably seated on this love so
fa in my heart (Love sofa in my heart)
And I see you've been workin' on yourself as well
But it seems you only have room for one (Only have room)
And that one is you (That one is you)
And when you do make room it's for a stranger (Oh, when you do, for who?)
So

Question, why you so chill
Sharin' yourself in the dark
When I'm here in the light with my heart?
Guess you love the thrill
Of staying in the unknown
And I'm here all alone 'cause you're

(Scared to fuck it up) Ooh-ooh, scared
(Scared to fuck it up) Why won't you take a chance?
(Scared to fuck it up) Ooh, yeah
(Scared to fuck it up) Scared

What you feel, what you think?
Kept close, but pushed away
Wastin' time takin' your time only got a few good days
You scared and so am I
That won't keep me from tryin'
Safety is somethin' we grew
I just wanna cruise with you, not too fast, not too slow
I'm where you wanna be, but you prefer the unknown
Why you so (Scared to fuck it up?)

Ooh, ooh, ooh, why?
(Scared to fuck it up, why you scared to?) You so scared to try
(Scared to fuck it up) Ooh, ooh, ooh, why?
(Scared to fuck it up, when I trust you) You so scared to try

Ooh, ooh
You know you're hurtin' us hurtin' yourself, right?

Question, why you so chill
Sharin' yourself in the dark
When I'm here in the light with my heart?
Guess you love the thrill
Of staying in the unknown
And I'm here all alone 'cause you're

(Scared to fuck it up) Oh, oh, oh
(Scared to fuck it up, why you scared to?) Oh
(Cause you're scared to fuck it up) Oh, oh
(Cause you're scared to fuck it up, when I trust you) Mm-mm

(Cause you're scared to fuck it up) It's so exhausting to love you
(Cause you're scared to fuck it up, why you scared to?) 'Cause I know you love me too
(Cause you're scared to fuck it up) I'm more than your friend

('Cause you're scared to fuck it up, when I trust you) And that's why you're
so scared
('Cause you're scared to fuck it up) It's so easy to love a stranger
('Cause you're scared to fuck it up, why you scared to?) When you're with me
it's safer
('Cause you're scared to fuck it up) Brother, you're drivin' me crazy
('Cause you're scared to fuck it up, when I trust you) This is that shit I h
ate repeating

('Cause) You're scared to fuck it up
Why you, why you ('Cause you're scared to fuck it up, why you scared to?)
Why you doing this to me? Why? ('Cause you're scared to fuck it up)
Oh, scared to fuck it up ('Cause you're scared to fuck it up, when I trust y
ou)
Why you scared of me? ('Cause you're scared to fuck it up)
Scared of me ('Cause you're scared to fuck it up)
