Buh-buh ba, buh-ba-ba
Buh-buh ba, buh-buh-ba-a-a

Let me turn the volume down so I can hear the numbers that are on your house
It's the first time I've come around
I gotta keep a good look out

Can't say I ain't a little nervous about me comin' over
'Cause it's the first time that I got you
All to my little lonesome
I need a sip of water, I'm a bit parched

Please let me concentrate (Ooh-ooh, ah)
Don't wanna be late (Ooh-ooh, ah)
Gotta find a parkin' space (Ooh-ooh, ah), hey

Let me turn the volume down so I can hear the numbers that are on your house
It's the first time I've come around
I gotta keep a good look out

Night time, you know a bitch can't see shit (Uh-uh)
Let me slip on my glasses (Uh-huh)
So that my ass can get a clear view of what I'm tryin' to see
Oh, have mercy on me, boy, what the fuck
