

More Than Ever

Durand Jones & The Indications

When I held you in my arms
I got hypnotized and sanctified, enamored by your charm
I'm so thankful, thankful, thankful, thankful for your love
And oo-wee baby
You know I just can't get enough, so

I want you more than ever
Everytime, girl
You do the things you do to keep me
Satisfied, yeah
Want you more than ever
Everytime, girl, yeah
You do the things you do to keep me
Satisfied, yeah

I was out here on my own
Had enough, bereft of love and, feeling all alone
Now I'm mighty mighty mighty proud to call you mine
And oo-wee baby, won't ever leave your side, so

I want you more than ever
Everytime, girl, yeah
You do the things you do to keep me
Satisfied, yeah
Want you more than ever
Everytime, girl, yeah
You do the things you do to keep me
Satisfied on love

I want you more than ever
All the time, all the time, oh baby, yeah
You do the things you do to keep me
Satisfied on love
Want you more than ever
All night, oh yeah, baby, yeah
You do the things you do to keep me
Satisfied, yeah

Highs and lows, days and nights
Girl, you keep me satisfied
I just can't get enough
Girl, you know I need your love
Highs and lows, days and nights
Girl, you keep me satisfied
I just can't get enough
Girl, you know I need your love
Highs and lows, days and nights
Girl, you keep me satisfied
I just can't get enough
