

Reach Out

Durand Jones & The Indications

Damn, baby, it seems like you've been feelin' down
Lost maybe and you can't find a way to break out
Those troubles are heavy when you're on your own

Tryna hide it, I know you've been caught up in your mind
You deny it but I can see you fallin' behind
Lonesome valley but you don't have to walk it alone
You gotta hear me when I tell you

If you need me
You just have to (Reach out)
When you're lonely
Save your troubles (For me)
If you need me
You just have to (Reach out)
When you're lonely
Save your troubles (For me)

All them burdens, it's more than anyone should bear
Silently hurting but you know you can always share
You've been worried, the pain will never cease to ache

You've got power to rise where you've been fallin' before
You a flower that blossoms with the rain from the storm
Like a willow you're bending but you'll never break
So just remember when I tell you

If you need me
You just have to (Reach out)
When you're lonely
Save your troubles (For me)
If you need me
You just have to (Reach out)
When you're lonely
Save your troubles (For me)

Don't have to worry
'Cause you know that I'll be around
If you're lookin' for me
Yeah, you know where I can be found
(Next to you)

If you need me
You just have to (Reach out)
When you're lonely
Save your troubles (For me)
If you need me
You just have to (Reach out)
When you're lonely
Save your troubles (For me)

(Reach out)
(For me)
(Reach out)
(For me)
(Reach out)
(For me)
