

# Start A Band

DURRY

Scraped up knees from eating the pavement  
Crooked teeth covered in braces  
Just fifteen, I never had a chance  
Watching My Chemical Romance

Gelled up hair, sharp as a toothpick  
Cargo pants, the pockets are useless  
First Act Strat, I got it for Christmas  
It sounds like trash, just the way I like it

I can't play but I'm starting a band  
I can't sing but I'm starting a band  
I can't drive but I'm starting a band  
I don't know why but I'm starting a band

Got no money but I'm starting a band  
I only know four chords but I'm starting a band  
I've got no friends, wanna be in my band?  
Never been to a show but I'm starting a band

We got the gig at the dive bar downtown  
Singer just quit, I guess that's me now  
I can't hold a tune, and I don't know what to do  
So I stepped out and just started screaming

Our x'ed out hands just playing a Gsus  
The sound guy looks like he hates our guts  
The lights are too bright, the drums are too loud  
And I know I'm hooked

I can't play but I'm starting a band  
I can't sing but I'm starting a band  
I can't drive but I'm starting a band  
I don't know why but I'm starting a band

Dropped out of school 'cause we're gonna make it big  
And now I'm going on tour, and I'm living in the van  
I'm falling apart, living off beef sticks and Pop-Tarts  
I guess that's the way every good story starts

You'll never get a job, I'm starting a band  
You gotta go to college, I'm starting a band  
You gotta pay the rent, I'm starting a band  
You're never gonna make it  
I don't wanna make it, I just wanna

I'm starting a band  
I'm starting a band  
I'm starting a band  
I don't know why but I'm starting a band
