Dust Bolt

You were never really here for me
You were never really there
I should rather look for one to please
Not someone who doesn't care
Now you want it all back from me
Do you do you do you do ya
See the solution to the tragedy?

Dubatschipikupokinou
Dubatschipikupokinou
I'm gonna rock it by myself

Well, you always proved me incomplete
I gave you everything you fuckin' needed
You better just get off of me
Don't wanna house you in my head
And now you wanna turn around the tale
Gimme gimme gimme gimme
But babe you can't keep up the pace with me

Dubatschipikupokinou
Dubatschipikupokinou
I'm gonna rock it by myself

Dubatschipikupokinou
Dubatschipikupokinou
Oh yeah

I want to run
I want to leave
I want let go what's pulling me
I want to dance
I want the heat
Without you's when I am complete
I'm not a bum
I'm not a thief
But someone to be loved and seen
I'm off to run
I'm off to leave
Somewhere where I'm free to be

Dubatschipikupokinou
(Whoo)
Dubatschipikupokinou
(Yeah)
Dubatschipikupokinou
(Whoo)
I'm gonna rock it by myself

I don't care for anything anymore
I don't care for anything anymore
I don't care for anything
I don't care anymore
Dubatschipikupokinou
But I'm still standing

I want to run

I want to leave
I want let go what's pulling me
I want to dance
I want the heat
Without you's when I am complete
I'm not a bum
Not a thief
But someone to be loved and seen
I'm off to run
I'm off to leave
Somewhere where I'm free to be me
