

Love & Reality

Dust Bolt

Don't want to give up
Don't want to stop
I want to feel the sex of my fantasies
Don't want to grow up
Don't want to stop
I want to break with love and reality

I'm satisfied, I can't complain
But yet there's something in the back of my mind that's driving me insane
Oh I could lie, I could obtain
Or I could once more let empathy ruin my brain
Feel like a sculpture in a whirlwind
So steady and cold on the outside but crumbling from within
Can't we come up with something?
When complacency is running our minds
But we can't sleep with the truth on our side

Sitting and breathing the sulphur
Feeling the world crushing around me
How could we not choose to suffer?
How can we thus not go down with guilt?

Don't want to give up
Don't want to stop
I want to feel the sex of my fantasies
Don't want to grow up
Don't want to stop
I want to break with love and reality

Why should I, why should I complain?
Am I responsible for this world I was thrown in?
Oh I just don't know my direction
Maybe I'm just broken, maybe I'm just special

Lying and breathing in sulphur
Feeling the world crushing down on me
How could we not choose to suffer?
How can we thus not go down with guilt?
Lying and breathing the sulphur
Ignoring all that's to do with me
If every choice means to suffer
How should we deal with reality?

Don't want to give up
Don't want to stop
I want to feel the sex of my fantasies
Don't want to grow up
Don't want to stop
I want to break with love and reality
Love and reality

I'm satisfied, I can't complain
But yet there's something in the back of my mind that's driving me insane
Maybe we are all not special
The same and equally insane

Don't want to give up

Don't want to stop
I want to feel the sex of my fantasies
Don't want to grow up
Don't want to stop
I will find piece with love and reality

Don't want to give up
Don't want to stop
I want to feel the sex of my fantasies
Lets not grow up
Lets not stop
I want to break with love and reality
