

## Sick X Brain

Dust Bolt

Guess who's that  
The psycho sick-head thrashed up guy  
Presumed dead, almost smashed  
But resurrected back on track  
A tale of a living psycho  
Deep inside his brain  
Gossiped viciously about  
Every step attained  
As they watch him as he fights  
For legacies before death  
They see him jumping off the walls  
Hits the barrel against his head  
Refuse to conceive him  
Displeased as you touch him  
All efforts formed to rotten  
In pain but not forgotten

Gotta gotta sick brain  
Gotta take the sick brain  
Had to buy this sick brain  
Gotta deal with sick brain  
Gotta gotta sick brain  
Gotta take the sick brain  
Had to buy this sick brain  
Gotta deal with sick brain

Sick, sick brain  
Sick brain  
Sick, sick brain
