

## Four Hours

Duster

It's the rarest of times  
When we can spend the night  
Would you take me down  
To the diamonds above the sea?

Place the ring  
When I sleep  
Like a quiet dream

Could you close your eyes  
And kiss me?  
Four hours away  
From your caress

Disappear  
Disappear  
Disappear  
Disappear
