

All About You

Dustin Lynch

Verse 1:

I'm all about a cold beer on friday night
Mud all over a four-wheel drive
Hunting and fishing, hanging with the guys
That ain't what I'm about tonight

Chorus:

Cause I'm all about putting that smile on your face
I'm all about me doing whatever it takes
I'm all about whatever were about to do
for the rest of the night, baby I'm all about you

Verse 2:

Made resevations if you wanna go out
Got your favorite movie we can hang on the couch
I can put something on or I can take something off
Its all about you getting whatever you want

Chorus:

Cause im all about putting that smile on your face
I'm all about me doing whatever it takes
I'm all about whatever were about to do
for the rest of the nigh, baby I'm all about you

repeat Chorus

Im all about putting that smile on your face
I'm all about me doing whatever it takes
I'm all about whatever were about to do
for the rest of the night, baby I'm all about you
oh, for the rest of the night, baby I'm all about you

oh baby I'm all about you
