

# Mind Reader

Dustin Lynch

How'd you know to wear your hair like that?  
How'd you know to turn up that song?  
How'd you know them little tore up jeans  
Was gonna tear me up and turn me on?  
Girl, it's like you know me too good  
But you barely know me at all  
Yeah, the way it's going tonight  
You probably know I'm ready to fall cause

Baby, you're a little mind, baby, you're a little mind reader  
Yeah, that's what you are  
You play it off a little shy but baby, you're a heart stealer  
And right here in this car  
It's like you know that smile was gonna melt me down  
Like you know those lips are what I'm needing right now  
And girl when you lay 'em on mine  
Yeah, it's like you're reading my mind  
(Baby, you're a little mind, baby, you're a little mind reader)

Girl it's like you got a crystal ball  
Like you got a little gypsy side  
It's like you knew that sweet perfume  
That you got on was gonna get me high  
Well how'd you know what I'm thinking right now?  
How'd you know what I was about to say?  
How'd you know to whisper in my ear  
Let's take this party back to my place

Baby, you're a little mind, baby, you're a little mind reader  
Yeah, that's what you are  
You play it off a little shy but baby, you're a heart stealer  
And right here in this car  
It's like you knew that smile was gonna melt me down  
Like you know those lips are what I'm needing right now  
And girl when you lay 'em on mine  
Yeah, it's like you're reading my mind  
Yeah, that's what you are

It's like you knew just when to lean on in  
And take my hand like you had it all planned  
And girl you've got me figured out, don't ya now?

Baby, you're a little mind, baby, you're a little mind reader  
Yeah, that's what you are  
You play it off a little shy but baby, you're a heart stealer  
And right here in this car  
It's like you knew that smile was gonna melt me down  
Like you know those lips are what I'm needing right now  
And girl when you lay 'em on mine  
Yeah, it's like you're reading my mind  
(Baby, you're a little mind, baby, you're a little mind reader)  
Yeah, that's what you are  
(Baby, you're a little mind, baby, you're a little mind reader)
