

# Workin' On You

Dustin Lynch

I've put in eight hours, it ain't even three o'clock  
These rows, they just go on and on, no they don't ever stop  
Like the wheels in my mind just thinkin' about your lips  
It ain't quittin' time but girl I'm 'bout to call it quits  
Been waitin' all day on this, on this

I've been workin' like crazy  
Savin' up what they pay me, spend it all on you baby  
Tell me what you wanna do  
Had my hands in that red dirt  
I need yours on my t-shirt  
Pullin' me closer it's all worth  
Workin' all day 'cause  
Tonight I'm workin' on you, I'm workin' on you  
All night baby, I'm workin' on you

I been workin' on that playlist, all those songs you said you l  
ove  
We'll drive out to that new spot and start workin' on that buzz  
Girl I want you to have the best night of your life  
Baby kick on back, I'm puttin' in overtime

I've been workin' like crazy  
Savin' up what they pay me, spend it all on you baby  
Tell me what you wanna do  
Had my hands in that red dirt  
I need yours on my t-shirt  
Pullin' me closer it's all worth  
Workin' all day 'cause  
Tonight I'm workin' on you, I'm workin' on you

Workin' on that smile  
Workin' for that kiss  
I'll put in the hours girl I'll never quit

I've been workin' like crazy  
Savin' up what they pay me, spend it all on you baby  
Tell me what you wanna do  
Had my hands in that red dirt  
I need yours on my t-shirt  
Pullin' me closer it's all worth  
Workin' all day 'cause  
Tonight I'm workin' on you, I'm workin' on you  
All night baby, I'm workin' on you
