

Cedar On The Fire

Dustin Tebbutt

To cross with you
A chance like lightning
Greater in truth
It's cedar on the fire

And hold your worries
I'll be on side
A spark like you
It's cedar on the fire

Share my failings
It's a beacon through the pines
Grow bolder with you
It's cedar on the fire

And fold our bodies
Here in a silence
Carry our truth
It's cedar on the fire...

To cross with you
A chance like lightning
Greater in truth

And hold your worries
I'll be on side
A spark like you

Share my failings
It's a beacon through the pines
Grow bolder with you

And fold our bodies
Here in a silence
Carry our truth

It's cedar on the fire...
