

# Chasing Gold

Dustin Tebbutt

So far  
I've been lost and lead by your stars  
Tonight I'm seeing nothing but dark  
Pull all the lights together

So run  
Scared to show the things we all want  
Held by all the sparks that had begun  
Suddenly the coldest one

But we're all chasing gold  
We won't find it alone

And now I know what love is  
I can't believe we lost it  
A shadow on the surface  
Fades into the moon  
Now I know what love is  
I can't believe we lost it  
Maybe I'm still learning

These blows  
Close beneath the skin  
Now we both close  
The cold is creeping in but I still know  
Just how much you used to glow

And Now I know what love is  
I can't believe we lost it  
Our shadow on the surface  
Fades into the moon  
Now I know what love is  
I can't believe we lost it  
Maybe I'm still searching
